The Intertherm Model M7 95.1% AFUE Extra High-Efficiency Gas Furnaces. It's a comfort to know that Intertherm furnaces are made for your manufactured home, and it's a comfort you can feel. Furnaces are measured using AFUE (Annual Fuel Utilization Efficiency).

Problem with Intertherm M1MB070AAW furnace, about 3 years old - Occasionally it works normally, but usually the inducer will run for half a minute, stop, then run again and again. Sometimes the red LED will blink 3 times, which is supposed to mean the pressure switch is closed while inducer fan is not running, although the inducer did run.
